

Emergency Markers Fact Sheet

Emergency Markers are your gateway to help in an emergency. They enable emergency operators to pinpoint your exact location in seconds!

Victoria's emergency services need two vital pieces of information to assist your emergency:

- ▶ **location of your emergency (where is it?)**
- ▶ **nature of your emergency (what is it?)**

Triple Zero (000) dispatch operators can then provide specific directional information to responding emergency services. This means emergency services arrive on scene faster. **This saves time and can save lives.**

In the event of an emergency call 000 and quote

Emergency Marker

SHE500

Below are locations of Emergency Markers:

- ▶ Lysterfield Park
- ▶ Albert Pak Lake
- ▶ Point Cook Coastal Park
- ▶ Alexandra Gardens
- ▶ Birrarung Marr
- ▶ Port of Melbourne
- ▶ Diamond Creek Trail
- ▶ Sandown Racecourse
- ▶ Lilydale Lake
- ▶ Federation Trail
- ▶ Caulfield Racecourse
- ▶ Geelong Ring Road
- ▶ Bunyip State Park
- ..and many more

When you're out and about it is sometimes difficult to explain exactly where you are. Markers provide you with an Alpha Code - three letters and three numbers. Quote this and the rest is up to us, all the information on your location is stored with ESTA's computer system.
